What is Idiopathic Pulmonary Fibrosis (IPF)?

The progressive scarring of the lungs that occurs when air sacs known as alveoli gradually become replaced by fibrotic tissue or scar tissue. As the scar tissue becomes thicker, it leads to stiffness in the lungs, making it difficult to breathe.

What is Wescoe Foundation for Pulmonary Fibrosis (WFPF)?

WFPF is a non-profit 501(c)3 organization that provides support, education, advocacy, and resources for patients *living* with Idiopathic Pulmonary Fibrosis (IPF) as well as their care partners and families, in order to sustain the highest possible quality of life. Learn more at www.wescoe.org.

What is the PA-IPF Support Network?

The PA-IPF Support Network is a one of its kind, state-wide support network that raises awareness for IPF and provides support and education to patients, families and healthcare providers throughout the Commonwealth of Pennsylvania. Learn more at www.paipfsupportnetwork.org
